

Announcement - Spring 2020 Class Changes - Online Learning + In-person Classes

Hello, everyone!

First off, thank you for all of the well wishes and support during this wildly uncertain time. While the world situation is undeniably difficult, it has had the beautiful side-effect of showing us how kind and caring we can be when times are hard. You all are amazing and we are lucky to have you in our family.

Secondly, after much mindmelding and brainstorming, we have come up with a way to keep this FUNK ball rolling while also quarantining our cooties from your cooties. Here's the plan ...

For the Spring 2020 session, classes/private lessons are online through Zoom until they can resume in-person.

More details on this plan ...

- The Spring session is still 12 weeks and will begin as planned on 4/6/20.
- Online classes will be hosted on Zoom (<https://zoom.us/>).
- All classes will be live at their scheduled times below.
- Prior to each online class, a link will be sent to you by email to join the class.
- Registration for classes will be as normal through <https://funkmode.com/registration/>.
- While they are online, some classes are being combined per the assignments below (see "Combined Classes").
- If you have not yet enrolled in the Spring session, please read "Choosing the Right Class" below.

We are estimating four weeks of online classes and to resume in-person classes at the studio the first week of May. This will obviously depend on when the shelter-in-place is lifted regarding non-essential businesses. At this moment, we are using as a guideline the County-stated plan for our local schools to reopen in May. Of course, as stated above, we will continue this online class schedule as long as needed.

Hip Hop (Sat @ 10:30am)	Hip Hop - Adult (Wed @ 7pm)

Choosing the Right Class

When you reach the page @ <https://funkmode.com/registration/>, choose a class option based on what you want to take in-person at the studio. While classes are online, you will instead attend the reassigned online class as listed above under "Combined Classes". When classes resume in person, you will move to the class you originally chose. For example, if you are an adult who wants to take the Saturday @ 10:30am Hip Hop class, choose that option. While classes are online, you will instead join the live stream of the Wednesday @ 7pm Hip Hop class. When classes resume in-person, you will attend the Saturday @ 10:30am Hip Hop class for the remainder of the session.

If you have any questions about anything here, we are ready to help. Email us at info@funkmode.com and we will make you an expert in this temporary switcheroo.

Keep being wonderful to each other and we'll see you soon!

All love - FUNKMODE
